### アジア婦人科ロボット手術学会 2024 参加報告

文責:日本婦人科ロボット手術学会 幹事長 小松宏彰

開催日時: 2024年6月20日(木)-22日(土)

開催場所:仁川グランドハイアットホテル

参加者: 理事長 小林裕明、常務理事(広報・渉外担当) 京哲 幹事長 小松宏彰 ASGRS 2025 プログラム委員長 戸上真一

一般会員:野上侑哉 (慶應)、金田倫子 (三重)、伊藤敏谷 (浜松医科)、竹田貴 (オックスフォード) 伊東史学 (奈良県総合医療センター)、松宮寛子 (北海道)、吉村拓馬 (慶應)

道佛美帆子(横浜市)、早坂美紗(旭川医科)

(合計:13名 開催国である韓国を除いて最も多い参加者数)

## 1. プログラム

## Day 0

Presidential dinner にて日本婦人科ロボット手術学会 (JSGRS) と ASGRS が Memorandum of Understanding; MOU (基本合意) を締結した

ASGRS president Tae Joong Kim 先生(左)と JSGRS president 小林裕明先生(右)

懇親会後の日本からの参加者

# Day 1

	ROOM A	ROOM B
08:20 - 08:35	Opening Remarks	
08:35 - 09:00	Honorary	
09:00 - 10:30	Session 1. Theme talk: Revolutionizing Care: Robotic Surgery in the Treatment of Endometriosis	
10:30 - 10:50	Break	
10:50 - 12:30	Session 2. Education: State-of-Art Robotic Surgery	
12:30 - 13:40	Luncheon symposium	
13:40 - 15:20	Session 3. Benign: Tips and tricks	Session 4. Malignancy: Robotic Surgery for Cervical Cancer
15:20 - 15:40	Break	
15:40 - 17:20	Session 5. Theme Talk: Maximizing the Benefits of Robotic Surgery	Session 6. Tutorial: Step-by-step procedures
17:20 - 17:40	Closing	
17:40	Gala Dinner	

Day 2

	ROOM A	ROOM B
08:00 - 08:40	Session 7. Oral Presentations	Session 8. Video Presentations
08:40 - 10:20	Session 9. Malignancy: Advancements in Robotic Surgery for Uterine & Ovarian Malignancies	Session 10. Benign: Novel Robotic Surgery Techniques
10:20 - 10:40	Break	
10:40 - 12:20	Session 11. Theme talk: Taking it to the Next Level	Session 12. Theme Talk: Advancing Operating Room Teamwork
12:20 - 12:30	Awards	

### 2. 発表内容

1) Main Session 2 Education: State-of-Art Robotic Surgery

演者: Hiroaki Komatsu, Title: hinotori System, Initial experience

パネルディスカッション:<u>Y</u>uya Nogami

野上侑哉先生のディスカッションの様子(右)

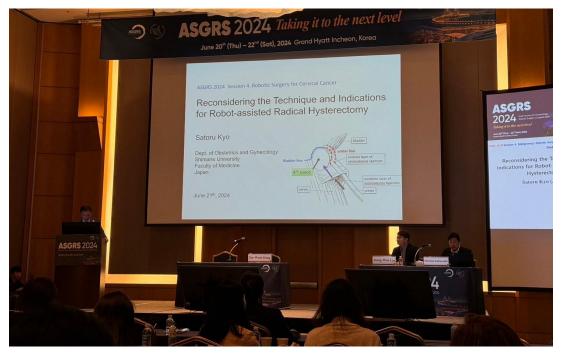

小松宏彰先生の発表の様子(左)

2) Main Session 4 Malignancy: Robotic Surgery for Cervical Cancer

座長:Hiroaki Kobayashi

演者:<u>Satoru Kyo</u>, Title: Reconsidering the Technique and Indications for Robot-assisted Radical Hysterectomy

京哲先生の発表および小林裕明先生の座長の様子

## 3) Oral Presentation Session

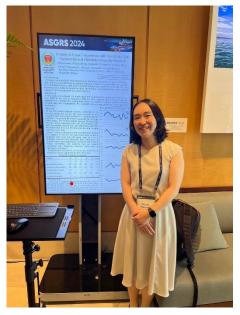

演者: <u>Takashi Takeda</u>, Title: Comparison of Japanese and European surveys regarding gynecologic robotic surgery- connecting Japan, Asia and Europe-

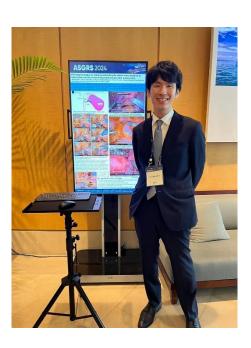

竹田貴先生の発表の様子(左)

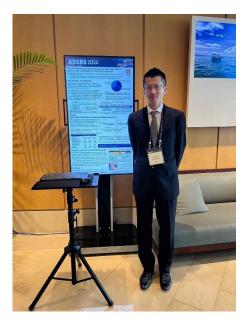

- 4) e-Poster Session (全22 演題のうち、JSGRS から8 演題)
- · Mihoko Dofutsu, Robotic surgery education method at our hospital: STEP 4 system
- <u>Hiroko Matsumiya</u>, A study of 4 years of experience with robotic total hysterectomy at Hokkaido University Hospital
- <u>Toshiya Itoh</u>, Five-step technique for isolated and cutting the uterine artery medial to its intersection with the ureter during robot-assisted total hysterectomy
- <u>Takuma Yoshimura</u>, Safe Introduction of Robotic at Japanese Tertiary Center and its Application to the Trainee Surgeon
- Misa Hayasaka, Current Status and Future Prospects of Robotic Surgery Adoption in Obstetrics and Gynecology Insight from Nationwide Survey in Japan
- · Michiko Kaneda, Recurrence patterns of robotic, laparoscopic, and open surgery in endometrial cancer
- <u>Shinichi Togami</u>, Efficacy and prognosis of robotic surgery with sentinel lymph node navigation surgery in endometrial cancer
- <u>Fuminori Ito</u>, Retrospective analysis of 103 robotic surgeries for endometrial cancer after the introduction in a single institution in Nara prefecture, Japan

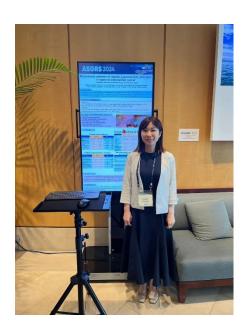

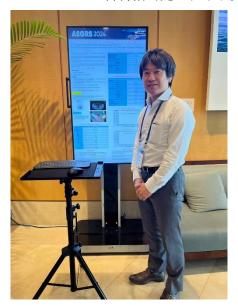

左から道佛美帆子先生、松宮寛子先生、伊藤敏谷先生

左から吉村拓馬先生、早坂美紗先生、金田倫子先生

左から戸上真一先生、伊東史学先生

#### 3. Award

学会最終日に Oral Session、Video Session、e-Poster Session の Award が決定した。Oral Session に竹田貴先生、e-Poster Session に伊藤敏谷先生が選出された。

Best Oral Presentation

• <u>Takashi Takeda</u>, Title: Comparison of Japanese and European surveys regarding gynecologic robotic surgery- connecting Japan, Asia and Europe-

Best e-Poster

• <u>Toshiya Itoh</u>, Title: Five-step technique for isolated and cutting the uterine artery medial to its intersection with the ureter during robot-assisted total hysterectomy

竹田貴先生(左)と伊藤俊谷先生(右)の表彰の様子
